

United International University
Dept. of Computer Science & Engineering
Final Exam

Course Code: CSE 1110

Course Title: ICS

Time: 60 min

Section:

Marks: 20

Name:

ID:

Question 1 : (Mark 10)

Write a program that will take 2 numbers each time from user until user enters same numbers and compute the sum of the two larger numbers . Finally display the sum.

Input	Output
Enter the first number: 3 Enter the second number: 5	Sum of the larger numbers: 13
Enter the first number: 8 Enter the second number: 3	
Enter the first number: 6 Enter the second number: 6	

Explanation:

$13 = 5 + 8$

5 is the larger number from the first pair and 8 is the larger number from the second pair.

Question 2 : (Mark 10)

X University has an advising system that is available **only for students in their 1st trimester**. The system performs a series of checks to determine if the student qualifies to move to the next trimester and whether they are eligible for SPL (Specialization).

The system begins by asking the student to input their current trimester number (as an integer). If the student is **not in the 1st trimester**, the system will display the following message:
“Invalid trimester. Advising not applicable.”

If the student is in the 1st trimester, the system will prompt the student to input their marks for three subjects: DM (Data Management) (integer), ENG (English) (integer) and ICS (Information & Communication Systems) (integer).

After receiving the marks, the system checks if the student qualifies to proceed to the **2nd trimester**. To qualify, the student must have **at least 55 marks** in each of the three subjects (DM, ENG, and ICS). If the student does **not** meet this requirement (i.e., gets less than 55 in any subject), the system will display the following message:
“You have failed. You cannot proceed to the next trimester.”

If the student qualifies for the 2nd trimester, the system will check whether they are eligible to select SPL (Specialization). This eligibility depends on the student's ICS marks.

If the student's ICS marks are 90 or higher, the system will display the following message:
“You are eligible for SPL selection.”

If the ICS marks are below 90, the system will display:
“You are not eligible for SPL selection.”

Input	Output
Enter your trimester: 3	Invalid trimester. Advising not applicable.
Enter your trimester: 1 Enter marks for DM: 56 Enter marks for ENG: 65 Enter marks for ICS: 12	You have failed. You cannot proceed to the next trimester
Enter your trimester: 1 Enter marks for DM: 62 Enter marks for ENG: 65 Enter marks for ICS: 76	You are approved for the next trimester. You are not eligible for SPL selection.
